

SETTING UP THE APPLICATION ENVIRONMENT

Create IBM Cloud Account

Date	12November 2022
Team ID	PNT2022TMID25562
Project Name	Inventory Management System For Retailer

Create ibm cloud account:

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and user information (Antony Hyson S's Account). The main content area is titled 'Dashboard' and features a 'For you' section with several cards. These cards include guides for building applications, setting up accounts, using Watson Speech to Text, getting started with Watson Studio, building virtual machines, using Continuous Delivery, using Cloudant, and IAM Best Practices. Each card has a brief description and a 'Getting started' or 'Recommended' button with a time estimate. Below the 'For you' section, there are four more cards: 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'. The 'News' card lists several articles related to IBM Cloud updates. The 'Recent support cases' card shows a list of support cases. The 'Planned maintenance' card displays a list of maintenance events. The 'IBM Cloud status' card shows a world map with a status indicator. The bottom of the screen shows a Windows taskbar with various application icons and the system clock (10:13 AM, 08-11-2022).
